Dear Rev. Prof. Mirosław Kalinowski,

It is with great pleasure that I received your invitation to attend the ceremonial opening of the new academic year at our partner university, John Paul II Catholic University, on 15<sup>th</sup> October. We appreciate your invitation to be part of this celebratory event.

Regrettably, a very busy period at the beginning of the university year and previously accepted invitations prevent me from participating in this event and meeting you. Nevertheless, hoping that the future may show us many joint opportunities, we trust that our academic partnership will continue to strengthen over the following years.

We wish you further great academic and scientific results and successful celebration events.

While looking forward to future encounters, I remain

Yours sincerely,

**Prof. Daniel David**
