Dear Erasmus colleague,

hope you had a great summer and welcome back to a new academic year !

As we head into another semester of learning and growth, we are pleased to announce new Erasmus internship opportunities with the start in October - November 2023 that you students may be interested in.

To find all our open updated positions, you and your students can click here [1]. Students can submit an online application at our website [www.placementslovakia.com](http://www.placementslovakia.com) [2] and state the sectors they would like to have internships in. Following this initial step, if they meet the program's requirements, we will extend an invitation for the first interview, putting the future in their hands.

The conditions of our program stay the same:

- no fees for students,
- free accommodation provided,
- lunch allowance provided
- professional training and courses
- constant support by our team.

We would greatly appreciate if you could share these exciting Erasmus opportunities with your students, as we believe that these experiences will be both enriching and rewarding for them. If you wish to promote this opportunity on social media platforms, please do not hesitate to let us know, and we will provide you with an informative flyer.

We value our ongoing collaboration and look forward to welcoming some of your students to Slovakia in the near future.

Please feel free to reach out if you have any questions or require further information.

Warm regards,

Anastasiia Shevchenko  
Programme Coordinator
