**Temat:** New internship opportunities!

Hello,

First of all, I hope this email finds you well.

We are contacting you on behalf of Placement in Portugal (PIP), in view of the fact that we are interested in creating a collaboration with your institution.

We are an organization operating in Lisbon, since 2012, being our mission to help graduates and young professionals looking for international jobs find an internship in Portugal that matches their skills, education, and preferences.

It's free of charge for both university and students, and you won't deal with the bureaucratic process, as we give 100% support.

We have internship opportunities for students in the fields of HR, Marketing, Tourism and Social, but don't forget that we also have vacancies in other fields.

Our wide network of contacts has enabled us to develop an extensive database of available internships in both Portuguese and international companies specialized in the most diverse academic areas. We also support accommodation and other needs students may have.

For those interested, all the information to proceed with the application will be available on our [website](#).

Please forward this email to your students.

Best regards,  
Placement in Portugal
