The winner of the 10th Student Literary Competition

The jury, consisting of Dr. Łukasz Borowiec and Prof. Urszula Niewiadomska-Flis, decided to award first prize to the short story “Bright and Blue.” All the contest participants have demonstrated distinct literary skills, but the winning text's exceptional nature lies in the way it deftly interweaves realism with metaphor and an interior monologue. In effect, the awarded story manages to maintain the reader's focus until the very end. We do hope this is not the author's last venture into creative writing and wish all best with future efforts.

The author of the short story is **Mr Natan Brzozowiec**, a student of the 2nd year BA studies.
